Half Billion Spent In State By Tourists

Southern Californians gained a greater income from the spendings of tourist visitors last year than the total income from all sources enjoyed by the populations of some entire states.

This was revealed by Don Thomas, managing director of the All-Year Club of Southern California, last night (Monday, April 28, 1947) before the Los Angeles County Advisory Council of the All-Year Club at the Los Angeles Mayfair Hotel.

Blaine Walker, Dean Sears, and Harvel Guttenfelder of Torrance represent this area on the County Advisory Council which helps to decide policies of the Southland's community travel promotion organization.

Thomas said the 2,944,000 visitors who came here during the 1946 travel year spent a total of \$509,000,000 while enjoying the sunshine, the ocean, the palm trees and other scenic and recreational features of this vacationland.

Spray Now For Codling Moths, Advises County

By Agricultural Extension Service, Los Angeles County

Early in May will be the time to apply sprays for codling moth in pears, apples and walnuts. Four pounds of basic lead arsenate with spreader to 100 gallons of water is the recommended mixture. Several applications are needed on the apple and pear, but only one on walnuts.

DDT has shown great promise for control of codling moth on apples and pears, and it's safe for a home owner to use, but don't use it unless you are ready to use a different spray later to control red spider and aphids.

Complete directions for the use of basic arsenate of lead and DDT in the home orchard can be obtained from the farm advisor's office, 808 No. Spring st., Los Angeles 12.

Walnuts

Most walnut trees are too large for your backyard gardeners to spray. Your equipment is not powerful enough to reach the top. Better get a commercial man to do the job for you. Get two or three of your neighbors to have their trees sprayed, also so the man can bring a tank full of material. DDT on the walnut will kill the codling moth, but then you have more sprays to put on for aphid and red spider, so you had better stick to arsenate of lead—remember four pounds to 100 gallons of water with two pounds of spreader.

Peaches-Apricots

If you had any worms in the peaches last year—worms that looked almost the same as those in the apples or walnuts—better spray with three or four pounds of basic lead arsenate to 100 gallons of water. A good-sized peach tree will take around four or five gallons. This spray will not only kill the codling moth but the insect called the "brood of the insect called the codling moth." Later broods will get into the fruit.

Raspberries and Strawberries

Many strawberry patches are being ruined right now by red spider and two-spotted mite. Get some Bladen, or hexaethyl-tetraphosphate, as a dust. A dust is much better than a spray on strawberries because you can not get the undersides of the leaves wet with a spray. Bladen is on the market under several brand names.

Don't forget red spider on boysenberries can be controlled with sulphur dust.

Ten Asked Study of Stars Reunfrantry At Observatory

The 160th anniversary of the Southern California vision are marked by a reunion and dinner at the Griffith Observatory. W. Bass said tonight.

"We estimate that 100,000 people in the Los Angeles county to be present and former units of this division."

"We hope to bring them together in the first annual post-war reunion in the Armory in Griffith Park. Tickets for the reunion at \$1 per couple, may be obtained from Maj. Williams, Henderson, division adjutant general, at the armory."

"An invitation to attend is being mailed to parents and former members of the California State Guard who are now automatically assigned in the National Guard Reserve, to attend in uniform," Bass said.

The custom and fashion of today will be the awkwardness and outrage of tomorrow—so arbitrary are these transient laws.—Dumas.

Leads First Round Play; Torrance Collects \$10,000 Monthly

A course of eight planetarium lectures for youth leaders is being held Thursdays from 7:00 to 8:15 p. m. ending June 19.

The auspices of the Griffith Observatory, the Griffith Observatory Camping Club, offers the public an opportunity to learn everyday from Maj. Williams, Henderson, division adjutant general, at the armory.

"An invitation to attend is being mailed to parents and former members of the California State Guard who are now automatically assigned in the National Guard Reserve, to attend in uniform," Bass said.

The custom and fashion of today will be the awkwardness and outrage of tomorrow—so arbitrary are these transient laws.—Dumas.

Townsend Club No. 1

There will be no meetings of the Torrance Townsend club No. 1 until after July 1, according to Ethelyn Vorhis, secretary. All members will be notified by mail as to meeting times and place.

Mortality In Restaurants Is High, Says Bank

An information digest on the restaurant business has been issued by the recently established Small Business Advisory Service of the Bank of America, according to E. A. Mattison, executive vice president in charge of development of loan services.

Surveys have shown, Mattison stated, that about one third of all new restaurants either fail, go out of business voluntarily, or are sold out within one year of inception, and approximately 80 per cent are out of business by the end of the fifth year.

"In offering our digest," Mattison said, "Bank of America believes it can contribute to the stability of this type of business, with benefit to the entire state."

Fuller studies by the bank's Small Business Advisory Service will embrace, in the order of their popularity among entrepreneurs, such lines as appliance stores; women's apparel shops; grocery stores, etc.

Man Killed In Plane Crash In Rolling Hills

Caught in a treacherous downdraft, a two-seater Piper cub plane crashed against the side of a peak in Rolling Hills, instantly killing the pilot and critically injuring a passenger.

Dead is James Vernon Smith, 23, of 3959 Fourth ave., San Diego.

The passenger, 19-year-old James Garfield Campbell, a sailor, or also of San Diego, is in the Long Beach naval hospital. He suffered a fractured skull, a fractured jaw and a broken left arm.

The small red plane apparently failed to gain enough altitude to clear a 1200-foot peak and as the pilot turned, the plane spun to the ground. The crash occurred about half a mile off Crest Ridge Road.

Pure humanity, friendship, home, the interchange of love, bring to earth a forestate of heaven.—Mary Baker Eddy.

Elementary PTA At Interesting Meeting

At the regular meeting of Torrance elementary PTA, held in the school auditorium, Mrs. Don Wolf, president, outlined plans for a paper drive to be held this week. Proceeds will provide funds for child welfare work.

Members and their guests heard Yovan Popovich, Torrance high school student, read his prize-winning essay on "How the High School Driver Can Best Promote Safety." Popovich placed first in a city-wide contest sponsored by the Los Angeles police department.

Other entertainment included a health film on "How to Keep Well." Music was provided by Adele Ann and Kathie Curtiss, pianists, young daughters of Mr. and Mrs. C. A. Curtiss.

Mrs. E. G. Spratt and Mrs. G. E. Baer reported on the state convention held at Long Beach.

Cost Of Needy Aid \$17.07 Per \$1,000 Valuation

Aid paid to the needy in Los Angeles county during fiscal 1946-47 was the equivalent of \$17.07 per \$1,000 of assessed value in the county, California Taxpayers' Association said today.

The 1946-47 county tax rate for general purposes was \$13.88 per \$1,000.

Aid to the needy aged in the county during the last completed fiscal year was equal to \$13.99 per \$1,000 of assessed valuation in the county.

Aid to the needy blind equaled 59 cents per \$1,000 valuation.

Aid to children averaged \$1.04 per \$1,000 value.

General county relief averaged \$1.45 per \$1,000 of taxable value.

Most of the aid to the aged, blind, and children in California is financed by the federal and state governments, the Taxpayers' Association said. For example, maximum aid to the aged of \$55 per month is financed \$28 federal, \$25 state, and \$5 county. Aid to the county indigents is financed by the county alone.

Compton Youth Fined \$200 In Assault Case

Richard Samuel Irwin, 22, of Compton, who was arrested last month on a charge of assault with intent to commit rape, had the charge reduced to assault in City Court Monday.

Judge John A. Shidler fined Irwin \$200 and suspended a 180-day sentence.

Irwin was arrested by Torrance police the night of April 20 after a report was phoned in to the station that a woman was screaming in an alley off the 2300 block of Border ave. Irwin was captured at that location and resisted arrest according to investigating officers. Sgt. "Pop" Haslam suffered a lacerated lip in the process.

Speech Defects Correction Aim Of New Clinic

Designed to aid in curing speech defects of both children and adults, a speech correction clinic, headed by Dr. Herold Lilienfeld, professor of speech, will be established at Whittier College this summer, it was announced at the college this morning.

Opening date of the clinic was moved forward from September, as originally planned, to the summer session at the college in response to the great demand throughout the southland for the clinic which will remain in operation five weeks during the summer, and will reopen in September.

The Whittier College clinic will be equipped to treat all forms of speech defects including stuttering, cleft palate cases, articulatory defects, and those with delayed or no speech.
